Afterword.

thanks for reading this

how was it? sweats
to be honest, every chapter
was filled with anxiety, but
the editors and i worked very hard

and so, i was able to make
a tankoubon and got
several color pages

it really was filled with anxiety.
but i did my very best
(though my work still isn't done)

i'd be very happy
if you wanted to
read the continuation

and i look forward to
meeting you again ★

YA!
